Invest in a vehicle search and history report...because as the old adage goes,

“Buyer Beware”

Our friendly and knowledgeable representatives can provide you with a variety of searches for the vehicle you are intending to purchase.

Lien Search:

This search of the Alberta Personal Property System will advise if there are any current registered liens and encumbrances on the provided serial number in the Province of Alberta.

- We will require the serial number of the vehicle – please verify directly from the vehicle, paying special attention to characters such as “Y” and “4”, “B” and “8”, etc... as this could drastically change the search result.
- **Please check website for current pricing.**
- Results: If there is no lien found, it will show as “no results”. It will not compare the serial number supplied. If there is a lien found, it will show the details of the lien – whom it is registered against, dates filed, etc...
- Results produced and provided immediately.

Alberta Vehicle Information Report (V.I.R.):

This search of the Alberta Registry Motor Vehicle Database provides valuable information about a vehicle’s history in the Province of Alberta. This search will provide you with:

- Vehicle Description, Odometer Reading (if available), Vehicle Status, Registration information, the number of current liens registered in Alberta against the vehicle.
- If there is a lien found, for more details, an Alberta Lien Search would need to be requested at a separate fee.
- **Please check website for current pricing.**
- We will require the serial number of the vehicle – please verify directly from the vehicle, paying special attention to characters such as “Y” and “4”, and “B” and “8” as this could drastically change the search result. If the serial number is incorrect and/or vehicle is not registered in Alberta, the result will show “vehicle not found”.
- Results produced and provided immediately

Car Proof:

This search will provide you with real-time data of the general information on a vehicle including any reported accident claims, collision estimates, insurance history, CPIC (stolen), and any Out of Province History.

- We will require the serial number of the vehicle – please verify directly from the vehicle, paying special attention to characters such as “Y” and “4”, and “B” and “8” as this could drastically change the search result.
- **Please check website for current pricing.**
- Results produced and provided immediately most of the time, however, if a jurisdiction is not responding, the results may be emailed, faxed or picked up ~ usually the next business day.

For your convenience, we can also provide Cross-Canada Lien searches - please obtain details from one of our friendly and knowledgeable representatives.
